Watershed is a contemporary art exhibition that brings together international artists whose work celebrates water, through photography, video and installation in ways that are thought provoking and sometimes political.

Artists include: Laura Ellen Bacon, David Buckland, Susan Derges, Noemie Goudal, Chang Kyum Kim, Tania Kovats, Susie MacMurray, Tatsuo Miyajima, Martin Parr, Robert Polidori, Amy Stephens, Studio Roso, Gavin Turk, Massimo Vitali and Simon Warner.

Meet our first artist in residence, Laura Ellen Bacon, on site during August. In collaboration with the WWF-UK, Laura will be creating a new work to raise awareness about sustaining chalk stream rivers, such as the Cray, which runs through Hall Place. There will be workshops and events planned, please see website for more details.
